Clamp-On Power Strip Holder, White, International

MODEL NUMBER: **CLAMPINTL**

Clamps to your desktop or workstation to provide easy access to AC and USB power where you most need it.

Features

Power Strip Clamp Mounts Securely on Your Desktop without Drilling This clamp-on holder for power strips and surge protectors is easy to install without the hassle of drilling into walls or workbenches. Keep AC outlets and USB ports within easy reach of your desk, table or workspace by attaching the CLAMPINTL to any flat surface 10 to 50 millimeters (0.4 to 2 inches) thick. No tools are needed. Just slide the clamps onto the surface's edge, tighten the adjustment knobs by hand, and snap your surge or power strip into the mounting clip.

No More Crawling Under Desks to Plug Devices into Hard-to-Reach Outlets Add AC and USB power where you most need it. The CLAMPINTL lets you install a power strip or surge protector within an arm's reach of your chair. The heavy-duty plastic clamp accepts most strips 50 to 70 millimeters (2 to 2.75 inches) in width. Soft EVA foam pads on the clamp protect your desk from scuffs and scratches.

Retrofit Existing Installations to Improve Access to Outlets Add AC outlets and USB ports somewhere new or change the mounting of an existing power or surge strip to improve access to power. A cable management clip in the rear keeps power cords neat and tidy.

Highlights

- Adjustable desk clamp fits most tables and other flat surfaces 10–50 mm thick
- Adds AC accessibility at arm's length to avoid connecting power cords under your desk
- Accommodates most surge protectors and power strips 50–70 mm wide
- EVA foam pads on the clamp protect your desktop from scuffs and scratches
- Heavy-duty ABS construction strong and durable enough for day-to-day use

Applications

- Mount a power strip to the edge of a workbench for easy access to outlets
- Install a power strip at a trade show booth or other temporary location without drilling holes
- Mount a power strip to a desktop without damaging its surface
- Add conveniently placed power outlets to your home office to facilitate working from home

Package Includes

- CLAMPINTL Clamp-On Power Strip Holder, White
