THX:BT-3/8-5/16", HEX BIT SOCKET

Ruland THX:BT-3/8-5/16", Hex Socket Bit, Bit Size 5/16", Drive Size 3/8", Bit Length 2-3/4" (70 mm), Steel

Description

Ruland THX:BT-3/8-5/16" is a 5/16 in hex bit socket with a 2-3/4" (70 mm) length. It is designed to fit Ruland supplied torque wrenches with a 3/8" square drive. THX:BT-3/8-5/16" is manufactured from chrome plated steel for durability and not meant to be used with power tools. It is heat treated for added wear-resistance ensuring a long service life.
