- Plug and play with no software or drivers required

## Package Includes

- P142-06N-SC4K HDMI 4K x 2K UHD Upscaler
- USB Micro-B cable, 3 ft.
- Owner's manual

## Description

The P142-06N-SC4K HDMI 4K x 2K UHD Upscaler is recommended for displaying photos, presentations, videos and digital signage in Ultra High Definition in professional, retail and educational applications. It upscales a 1080p (@ 24 Hz) signal to 3840 x 2160 (@ 24 Hz) signal and 480p and 720p signals to 1080p. It's HDCP-compliant and works with 3D video signals. The P142-06N-SC4K is plug and play with no software or drivers required.

Just connect the unit's HDMI input port to the HDMI output port on a computer, Blu-ray™ player or other source using an HDMI cable (such as Tripp Lite's P568-Series). Connect the unit's built-in HDMI cable to the HDMI input port of a television, monitor or projector. Power the unit by connecting the included three-foot USB Micro-B cable to the display's USB port or a USB wall charger (U280-002-W12). The source's refresh rate must be set to 24 Hz before installing the unit.

## Features
