PCN-300291

Product Change Notice

Issue Date: 12-October-2025

Change Description:

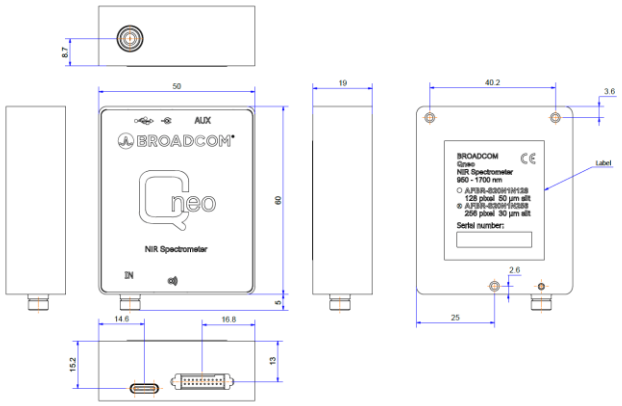

Implementation of two additional mounting holes. Consequently, the product label was repositioned, and its design was adjusted accordingly.

Parts Affected:

AFBR-S20N1N256

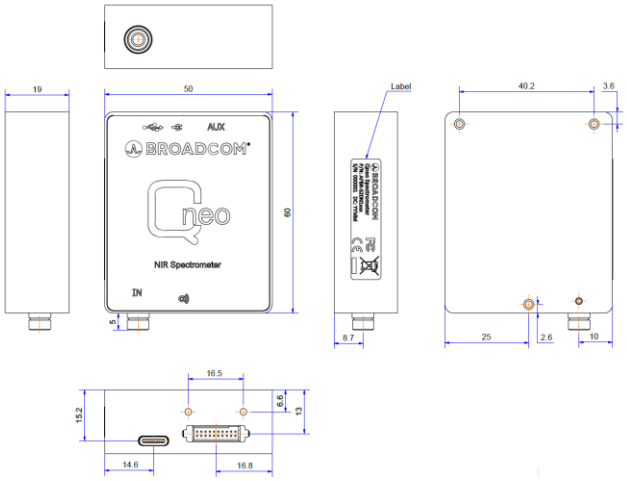

Description and Extent of Change:

Current design:

Change:

- Implementation of 2 additional mounting holes
- Location and design of product label

Reasons for Change:
To enable better system integration, additional mounting holes were added to the product housing.

Effect of Change on Fit, Form, Function, Quality, or Reliability:
The device specification will remain the same, which will ensure product performance remains the same. The device functionality will be improved as described above.

Effective Date of Change:
Product shipments which may contain changed material may begin on or after [01/15/2026]. Timing of shipment of the changed part will vary by customer demand, and inventory levels.

Please contact your Broadcom field sales engineer or Contact Center for any questions or support requirements. Please acknowledge the receipt of the notice within 30 days of delivery. Lack of acknowledgement within 30 days constitutes acceptance of the change per JEDEC J-STD-046.
