# AK-C8112 MEDICAL KEYBOARD WL

AK-C8112 Wireless Disinfectable hygiene keyboard with full layout and flat key profile

Product images may vary depending on the country layout

The AK-C8112 WIRELESS disinfectable full-sized medical keyboard is the all-rounder for hygiene-sensitive areas and will impress even the most discerning keyboard user in hospitals, medical practices, or laboratories. Due to its flat surface, it can be thoroughly wiped clean, preventing germ growth from contaminants and disinfectant residues. It comes fully sealed with an IP68 rating. In addition to its cleaning properties, the AK-C8112 WIRELESS scores with a light key stroke, durability and ergonomics. The reliable 2.4 GHz connection has a range of 33 ft.
With the standard layout of 104 keys, the AK-C8112 WIRELESS combines all the advantages of a hygienic keyboard with the typing feel of an office keyboard.

## FUNCTION AND PERFORMANCE

- → Flat, ergonomic medical keyboard for applications where hygiene is crucial
- → Waterproof, gap-free design to protect the keyboard from liquids, dirt and debris
- → Ultra-flat key profile ensures maximum wipe disinfection while maintaining optimal haptics for an excellent typing experience
- → Approved for wipe disinfection according to CDC Guideline for Disinfection and Sterilization in Healthcare Facilities
- → Fully sealed with IP68 rating
- → CleanFunction disables the keypad during cleaning
- → Standard PC key layout with 104/105 keys
- → Light keystroke for optimal typing experience
- → 2.4 GHz wireless connection

## TECHNICAL DATA
